10 exp - Version 1.1

## FROM THE LAST HOPE RULE BOOK:

"Last Hope is a role playing game allowing more adult interactions but certain subjects must be avoided. **There is absolutely no role played situations that allow rape, sexually explicit scenes, groping, or genitalia torture.** However, role played pain, implied threats, and physical torture may be a part of the game."

Any sort of adult contact/acts should be implied, light hearted, and willing by both parties involved but should never progress any further. Lewd or vulgar comments can be made in character if they are not excessive and applicable to the current role play. If you think a situation is getting out of hand, you may use the "Out of Game Stop" to let the involved players know. If it continues, bring it up to a Herald immediately. **Sexual harassment will not be tolerated.**
